

Clear Creek Republican Women

January 2026

TFRW REGION XVIII

SENATE DISTRICT 11

President's Message

I am beyond excited and truly honored to serve as your President for 2026! As we step into a brand-new year, I can already feel the momentum building. Our club has such an incredible legacy of leadership, energy and purpose - and I'm thrilled to help carry that forward with all of you.

This year is going to be big. Election years always bring a special spark and 2026 will be no exception. Together, we have the opportunity to strengthen our community, support our Republican candidates and make sure that big, beautiful red wave continues to grow throughout our cities, counties and state.

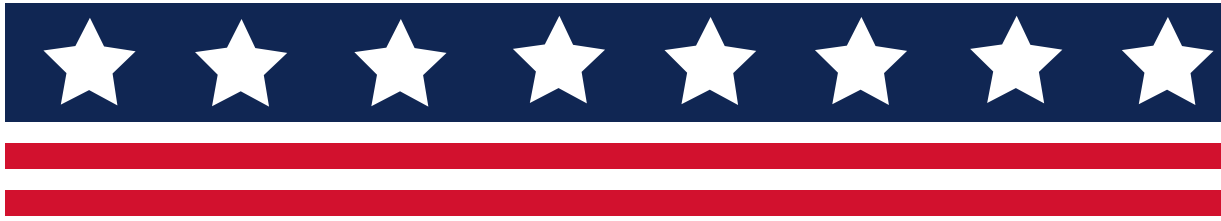

One of my top goals is expanding our membership. Clear Creek Republican Women is at its best when our voices are strong and our circle is wide. I encourage each of you to invite a friend, neighbor, co-worker, or that one person you keep saying you'll bring "next time." Let's make **this** the year we not only grow in numbers but grow in impact.

We have an amazing board ready to roll and I cannot wait for you to see the programs, speakers and events we're lining up. Expect fresh ideas, plenty of fun and lots of opportunities to get involved. Whether you've been with CCRW for years or you're brand-new to the club, there is a place for you at the table and your voice matters.

Thank you for trusting me with this role. I'm ready to work hard, laugh often, lead with purpose and celebrate every win - big or small - right alongside you.

**Please join us for our monthly meeting January 9th
Our speaker will be Chris Russo**

Chris will talk about the state of the border under Trump and forward work to be done at the federal and state level. Discuss deportation numbers, policy changes that must be made before the 2026 midterms to forestall another Biden-level border invasion, and reforms that must be made to our legal immigration system to serve the interests of American citizens.

Chris Russo is the founder and President of Texans for Strong Borders. Chris founded Strong Borders in 2022 after observing that while many special interest policy organizations exist across the conservative spectrum, no group was organized and actively pushing for Texas First border security and immigration policies at the state level.

Chris worked for six years as a flight controller for the International Space Station at NASA Johnson Space Center before leaving in October 2022 to focus full-time on fighting to secure the Texas border and put Texans first. He is also an avid grassroots activist, has participated in several campaigns around the state, and served as the SD-11 GOP Resolutions Committee chair in 2020. He attended Texas A&M, where he received both a bachelor's and master's degree in Aerospace Engineering.
